PLAYERS

Are arriving and work has begun on the diamond for the season of 1911.

The season of 1911 in the Bluegrass league, has begun on the local diamond and the different players are hoping to get in a week of good practice, if the weather will permit. Nearly all the men have arrived and Manager Lewis is looking them over carefully to ascertain just who will be retained for the regular team. Many of the last year's team have returned and several new faces can be seen on the field.

If the weather man, who was certainly mean to Richmond last season, will only keep his predictions down within a tolerable limit, the fans will rejoice and the association will not have to call on the people for financial aid.

Two players of whom great things are expected, is Sterling, of the South Atlantic league and Nicholas, of the Ohio-Penn league. The former is a pitcher and the latter an infielder of note.

These men have been playing for several years under Manager Lewis and he knows their ability. Pitchers Willis, Knox, catcher Thoss, outfielders, Whitaker, Bramble, infielders, Lewis, Baird and Walden will begin this week, with several new ones, to get into condition for the opening of the season. The lot will present a busy scene. Good weather is all that is asked for.

Exhibition dates have been taken up by the management and will be announced the latter part of this week. Several teams want to come and they will be accommodated if possible. The management hopes to get a good start, financially with these exhibition games. This season, Richmond plays its first game at Winchester, on the 9th of May and returns home for a game the next day with the same team. May 10th will be opening day for Richmond, and probably the largest crowd that ever saw a ball game here will be present.

A brass band will entertain things during the day and will head a long parade. Automobiles, players on horseback, County and City officials, fire department and many others will join in the parade. Mayor Rice will pitch the first ball. Get ready to join in the parade and make opening day a notable one.

Constipation causes headache, nausea, dizziness, languor, heart palpitation, drastic physics, gripa, sicken, weaken the bowels and don't cure. Doan's Regulator acts gently and cures constipation. 25 cents. Ask your druggist.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Eucletic Oil instantly relieves the pain—quickly cures the wound.

PROCLAMATION!

I do hereby designate Thursday and Friday, May 11th and 12th, 1911, as "general clean up days," and trust that all residents of the city of Richmond, Ky., will show their civic pride by putting their premises in the cleanest possible conditions on these two days, and thus respond to this invitation to help clean the city from one end to the other and make it more sanitary and beautiful for the summer, as every one knows "Cleanliness is next to Godliness." Put all rubbish in a convenient place for the city carts.

SAMUEL RICE, Mayor.

Hyomei Cures Catarrh Without Stomach Dosing, or Money Back

Yes, dear reader, catarrh can be cured; but not by pouring vile, nauseating drugs into the stomach.

And catarrh germs thrive, flourish and multiply in the nose and throat.

Can you kill these tough and persistent little health destroyers by swallowing pills or nostrum? Any physician will tell you it cannot be done.

HYOMEI (pronounced High-o-me) is a germ-killing, expirated air which, when breathed either through the mouth or nose, will kill catarrh germs and soothe and heal the inflamed and mutilated membrane promptly. It gives relief in two minutes.

HYOMEI is such a powerful germ destroyer that it penetrates every fold and crevice of the mucous membrane of the nose and throat.

A complete outfit, which includes inhaler, a bottle of HYOMEI and simple instructions for use, costs \$1.00.

Should you need a second bottle of HYOMEI the price is only 50c. B. L. Middleton and leading druggists everywhere sell HYOMEI.

Banquet.

Normal City Lodge, No. 162, Knights of Pythias, held a big meeting last Tuesday evening, the occasion being a special visit from the Grand Chancellor of the State, R. L. Slade, of Lexington, and State Insurance Superintendent for the Order, E. H. Byers. Both men are prominent in Knights of Pythias ranks and a big membership was out last Thursday to greet them. As a preliminary, four candidates were given the First degree and the crack degree team of the lodge put the work on in impressive style.

After the initiation, the banquet table was spread under the direction of "Joe" the caterer and it was complete in every detail. Several talks were made under the head of "Good of the Order."

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. Here Is Foot Comfort!

Worried feet cause half the ills and discomforts that harass the men and women of our age.

The Scholl "Foot-Eazer" is a remedy. It is a scientific arch support or cushion that supports the muscles and tendons and gives them strength to carry the weight of the body at the foot arch.

* It does away with all nervous and muscular strain and quickly replaces the natural elasticity to the foot and prevents flat-foot with its painful consequences.

Makes walking or standing absolutely comfortable, keeps shoes in shape and gives the instep a graceful arch.

The Scholl "Foot-Eazer" is made of two German Silver Springs, each covered, and is springy, flexible and self-adjusting to all feet, and can be easily slipped into any shoe.

They do not need lacing or pasting but are easily changed from one pair to another.

If you have any foot trouble whatsoever the Scholl "Foot-Eazer" will give you instant relief as well as rest and comfort.

All sizes for men and women, \$2.00 per pair. We are headquarters for foot comfort and the Scholl "Foot-Eazer" is one of the principal means of conveying it to you. Let us prove it.

WEDNESDAY APR. 26	- - -	1911	

It's too bad that Kentucky must register two votes against the Canadian Reciprocity in Lansing and Powers. The Tenth and Eleventh are well represented in the House. Six:

William Adams, of Cynthiana, the aspirant to the Democratic nomination for Governor, has sent to this office a huge electro outlining his platform and covering about thirty inches of space, but no letter from "Billy" has been received concerning the remuneration. This is about the chinchiest thing we have had from the candidates for state offices. It's positively penurious. From reports it seems as if he has sent out hundreds of these and all will very likely be tried, but these will not take up more than four days of the court's time at the most. There are 40 appearance cases, of which are ordinary and 23 are equity. Six of the equity are divorce cases. This is a four weeks term. The three murder cases to be tried are: The Shelton for the killing of Mrs. Mary Pigg; Addison Creekmore for killing Callie Bush; and Reese Coates for killing Dr. Perkins.

Weslyan Lost.

The strong baseball team of the Kentucky Wesleyan College of Winchester, was defeated Monday by the Normal school on the local grounds by the score of 6 to 4. It should have been larger for the home team, but seven errors by the Normal boys shows the loose playing of the team. Parks, the crack twirler for the Normal, struck out twelve men and allowed but two hits. He is one of the best young college pitchers in the state and the Richmond Club of the Bluegrass league may give him a trial. It is certain he could make good.

Union City.

"Uncle Tom" Harris, who is eighty-nine years of age, is suffering from a stroke of paralysis.

Little Charlie Jackson Eades is yet very ill and his recovery seems doubtful. His parents have the sympathy of the community.

Mrs. Wesley Hise, who has been ill for some time, is slowly improving.

Misses Mary Etta Hackett and Sallie May McKinney, of Richmond, visited the Misses Berry Saturday and Sunday.

Mr. and Mrs. J. M. Risk entertained Mr. Joe Hamilton and bride Sunday.

The terrible wind storm of Wednesday lifted the roof of the Alms House, besides damaging it in many other ways. It is being repaired by J. H. Berry, contractor.

The latest enterprise for Union City is Mr. Jones' gasoline mill.

Old Book.

Mr. William Broadus, of W. W. Broadus & Co., has an old book in his possession which he prizes very highly. It was formerly the property of Mr. M. Stephenson, formerly of this city, who came to Richmond from New York, where for many years he was a railroad contractor. He left the book with Mr. Broadus, but the recipe others never looked it over until the other day. It is a time book used by railroad contractors and Mr. Stephenson had it in the sixties, when he helped to build a section of the New York Central. It shows that day laborers were paid as high as \$5.00. Mr. Stephenson left Richmond about a year ago to live with a son in Tennessee, on account of his advanced age. It is probably the only time book in existence used in building this famous railroad.

Miss Margaret Miller was the hostess last Tuesday afternoon at a kitchen shower in honor of Miss Eleanor Chensult, who, whose marriage to Mr. Walter Gwynne takes place today. The bride-to-be was the recipient of many useful articles, which will come in handy at housekeeping time.

The wedding of Miss Eleanor Chensult to Mr. Walter Gwynne will be solemnized this evening at 8 o'clock at the home of the bride on the Big Hill road. The couple will take the midnight train for a stay of several days in the South, and on returning will be at home in the country until June, when they go to housekeeping on North street.

The ladies of the Christian Church are arranging to have a series of teas: all the ladies are to be invited at different times, and if any are overlooked the omission must be set down as unintentional. Each member of the Ladies Aid will invite at least twenty ladies, and during the series all the ladies of the congregation will attend. A silver offering of not less than a dime will be expected from each one, and as much more as can be given.

In speaking of the different attendants and their gowns at a reception given last week in Washington in honor of the D. A. R.'s the Washington Post has the following: One was reminded of Elaine from Miss Louise Woolford Covington, of Richmond, delegate from the Boonesborough Chapter, clad in clinging palegreen gauze, so entirely different from the usual beauty. Miss Covington is now in New York, where she will visit friends before returning home.

Mr. Marshall Collins, who has been here the guest of his parents, Mr. and Mrs. Jake Collins, left Monday for Elora, Tenn., where he is attending to the O'Rear-Sauley wedding. The other groomsmen are all classmates of Ensign Sauley and are now serving in the navy. The bridesmaids were Miss Margaret McChord, of Louisville

McCreary Easily.

The Mayville Public Ledger, one of the leading Republican papers of the state, as well as one of the oldest has the following to say on the candidacy of Judge O'Rear: "No man has ever used stronger language to fear down the fabric of law and order in Kentucky than this eminent jurist. The Public Ledger hasn't the honor of O'Rear's acquaintance, and never even saw him, yet we're read with indignation and just horror of his violent and incendiary words during the blighting night rider tobacco was days. Think of such a man in the Governor's chair! Better a thousand times Governor Cox, E. T. Franks, or McCreary, than such as he. If O'Rear is sworn in by the Republicans, McCreary will sweep the state by 25,000 votes."

McDermott Out.

Another candidate for Lieut Governor subject to the action of the Democratic primary is out, this time E. J. McDermott, the well known Louisville politician which makes three candidates now for this honor, all from Louisville. A special from Louisville says: "Mr. McDermott concluded that he would contest for the nomination at a conference with friends Sunday which lasted until midnight. Two of those present at this conference were Herman D. Newcomb, of Louisville, and Judge Jere A. Sullivan, of Richmond."

The entry of Mr. McDermott makes the third from Louisville, other aspirants being James P. Edwards and W. N. Smith.

May Term.

The May term of the Madison circuit court will convene next Monday with Judge Benton on the bench and one of the lightest dockets ever known at this time. There will be three murder cases to come up and all will very likely be tried, but these will not take up more than four days of the court's time at the most. There are 40 appearance cases, of which are ordinary and 23 are equity. Six of the equity are divorce cases. This is a four weeks term. The three murder cases to be tried are: The Shelton for the killing of Mrs. Mary Pigg; Addison Creekmore for killing Callie Bush; and Reese Coates for killing Dr. Perkins.

Young Men of Fashion

young men of fastidious ideas, who are the most critical in their dress, prefer

Adler's Collegian Clothes

to clothes made to their measure. Many of the best-dressed men in our own city--men you see on the streets every day--are wearing this famous make of clothes. There are many reasons why they prefer these clothes to others. First, we show a wider range of patterns; second, a man is better satisfied in seeing a suit all ready made; third, he knows the reputation Adler's Collegian Clothes and, fourth, he saves fully half of what he would pay for a suit made to order.

Still Destroyed. Friday in Owensley county Capt. Short and Deputy Marshal Mays found a big moonshiner still and destroyed it. The officers have enough evidence to convict the operators, who fled and could not be located. It was in a section of the county where very few moonshiners still have been known to exist. The officers say they will shortly arrest one of the most prominent citizens of that county, who is charged with operating it.

To the Woods. Prof. G. D. Smith, of the Scientific department of the Normal, took his class in Nature Study, Physical Geography and Geology to the woods last Monday in two big wagons and a jolly time was had in addition to many interesting discoveries. Prof. Smith believes in outdoor work as being of great value to the students in the above studies. In next week's issue of the Climax Prof. Smith has an interesting article for the fruit growers on "Spraying." Be sure and read it.

Big Number. Deputy U. S. Marshal Coleman, from Somerset, brought to the Federal court this week what is claimed by officials to be the largest number of witnesses ever brought by one official to this court. There were over a hundred and practically all of them were in cases of violation of internal revenue laws. Two prisoners brought in Monday for unlawfully selling liquor were Allen Shackelford and the late George W. Burnside.

Model Won. The Model school base ball team defeated the Lancaster Graded school Friday afternoon on the local grounds by the score of 10 to 0. The visitors were led by J. Parks, and played poorly in the field.

In Darkness. Lancaster suffered the loss of its lighting plant, the same as Richmond, and the town has been in darkness for many days. The loss is \$10,000, no insurance on the building. Work has begun on a new plant.

Summer School. The Quarterly Review for the Summer School of the Normal has just been issued from the press of the Climax and it is a most exhaustive book. There will be 200 mailed out to prospective students of the eastern part of the state.

There were seventy candidates and a large delegation of members from surrounding cities to the Bluegrass capital. A big banquet was served, beginning at 5 o'clock.

Whooping Things. John Sexton, Chairman of the Committee on Publicity for the base ball season, is letting everybody in Madison and adjoining counties know of the opening of the season by a large delegation of members from surrounding cities to the Bluegrass capital. A big banquet was served, beginning at 5 o'clock.

Prominent. U. S. Officers brought in a prominent citizen of Estill county last week charged with violating the internal revenue laws. It was Curt Robinson, and the news of his arrest came as a shock to his friends in Estill. He is a well known stock trader, but the officers claim he has been "bootlegging" for some time. He gave bond for his appearance at the regular term of the Federal court here.

Important Cases. In the Federal Court this week, now in session two important cases will be up for trial, asking damages from the John Robinson Circus on account of personal injuries and death. The style of the cases are Harp vs. Robinson and Maupin vs. Robinson. The other suits brought against this company for injuries received in the collapsing of a tier of circus seats last July, were settled in the circuit court at the March term.

The Imperial Double Disc Harrow

Flexible Frame, Flexible Foretruck, Interlocking Hubs, Scallop Blades, Double Levers, Hard Wood Bearings, Steel Standards, Double Braced Grapes.

The forward sections cut the ground and throw it outwards. The rear sections work it again and throw it back to its original position. The ground is leveled and pulverized and left in perfect condition for seeding. Once over the field with an Imperial Double Disc does as much work with a single disk and does it more thoroughly. The time and expense of disk is reduced one-half. An ordinary Disc Harrow of six or seven feet cut is generally used with three horses. An Imperial Double Disc of the same width of cut only requires four. The saving of horse power is accomplished. First, by the form of the machine. The double action of the two harrows, one attached to and immediately following the other, requires much less than the power of two separate harrows.

Farm News

Items of Interest to The Farmer, the Grower and the Stockman.

The Lexington Leader says: "W. J. Loughbridge & Son, of this city, are finishing breaking their crop of 900 acres of hemp in Indiana. It is said to be as fine an article and as great a yield per acre as from the best land in Kentucky. Tobacco raising there has long since passed the experimental stage. A crop from there sold on the breaks here this winter at 20 cents average. Year by year the fact has become more intensified that we have got to seek other States for virgin soil to raise hemp, and tobacco to any great extent. The exhaustion of our best land in Kentucky by tobacco cannot be restored in a decade. 'Killed the goose which laid the golden eggs.' What we need today to relieve us agriculturalists is intense farming on smaller farms. The old adage that 'any fool could be a successful farmer,' applied to fifty or more years ago when we had thousands of acres of virgin soil. All you had to do when to tickle the surface of our primitive plows and it would laugh you a crop of anything grown here."

L. Ed Griggs, of Mt. Sterling, has sold to John D. Rose, of Hazel Green, Ky., his handsome four-year old stallion, "Madison Chief," for \$750. This horse was sired by Bourbon Chief, the grand old sire of so many high class horses and is a fine type of that famous strain. Mr. Griggs raised this colt on his farm in Madison county, hence his name.

Fine Season.

The Climax is just in receipt of a letter from a former Richmond man, now spending the winters in Florida and the summer in Cincinnati. He writes interestingly of his success in the fruit business at Switzerland, Fla., in the following letter, also his love for The Climax:

Switzerland, Fla., April 19, 1911. Dear Sirs: Upon receipt of this you will please change my address for your valued paper from Switzerland, Fla., to 400 Hamilton Ave., Cincinnati, Ohio.

I regret very much when the time comes in the spring when it is necessary for us to leave our beautiful winter weather is so delightful now as it has been all winter.

I have shipped something over 3000 boxes of fine grape fruit and oranges as ever went to the New York market, and prospects are good for a fine crop another season.

Hoping all is well at "The Old Kentucky Home."

Very sincerely,
A. D. FLORA.

Wind Blew.

Another terrific wind struck Richmond and parts of Madison county last Wednesday and for a while it threatened to do big damage. As it was, many small buildings were blown down in different parts of the country and fences were laid low. The huge sign belonging to the Richmond Electric & Power Co., on the building occupied by Stockton & Son, came very near yielding to the wind and toppling over. It was discovered in time for workmen to get it up until the danger was passed. Many shade trees were damaged in the city.

Eczema Cure a Beauty Wash.

Although Dr. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin and leaving it as soft, as smooth and clear as that of a healthy child.

Get a 25c bottle today and keep it in the house.—Stockton & Son.

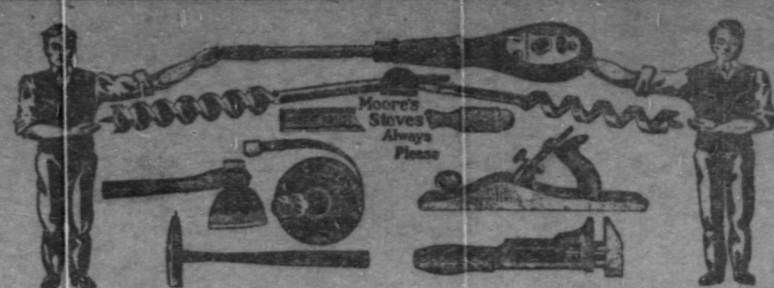

Growing.

The complete census of all the towns and cities of Kentucky gives Berea, this county, 1,510, showing a big increase over 1900. Lancaster has only 1,207 people while Stanford has 1,532. This is quite a boost for the capital of South Madison.

FREE FOR STOMACH AND BOWELS

We are in receipt of letters from Mrs. Eva Gaskins, 304 Madison St., Topela, Kan., and Mr. P. H. Gavelas, Wagner, Okla., as well as many others, telling about the wonderful results they have secured in the cure of their stomach and liver troubles by the use of Dr. Caldwell's Syrup Pepsin.

This remedy, as all readers doubtless know, has been before the public for a generation and is now being more extensively used than any other remedy for stomach, liver and bowel complaints. According to reliable testimony, it seems to be a very quick and lasting cure for constipation, indigestion and dyspepsia, liver trouble, biliousness, headaches, sour stomach, gas on the stomach, drowsiness after eating and similar disorders. It is a liquid with tonic effect, and so

is mild and gentle in action that a child as well as a grown person can take it, in fact, it has no equal for children, women and old people.

It arouses the flow of gastric juice, and by a peculiar action trains the stomach and bowel muscles to again do their work naturally, and what medicines of all kinds can be dispensed with. A free sample bottle can be had for trial by sending your address to the doctor, for in this way Mrs. Gaskins, Mr. Gavelas and many others first learned of the cure. Later, when satisfied it is the remedy you need, do as others are doing and buy it of your druggist at fifty cents and one dollar a bottle.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
